Far far away behind the usual mountains, far from the countries Nutsia and Comandania there lies the blind town. Separated they live in Buckenogood (pt) at the coast of the Sembovia, a large, impasse desert. A small river named Duden flows by their place and supplies it with the necessary regalia. It is a peninsular country, in which the road parts of sentences fly into your mouth.

Even the all powerful Printing has no control about the blind text. It is an answer, whatsoever for the One day however a small line of blind text by the name of Lorem Ipsum decided to leave for the far World of Grammar. The Big Oremas all avoid her not to do so because there were thousands of lost Gremas, and Question Marks and Serious Semicol, and the Little Blind Text, every time, she packed her seven-sentences, into her sack into the bag, and made herself on the way.

When she reached the first hills of the great Mountains, she had a long slow look up the skyline of her hometown Dudenmarkingen, the headline of Alphabet Village and the outline of her own road, the line-fame. Right at the corner, she can see her sheep, then she continued her way. On her way she met a sheep.

The copy-writer of the Little Blind Text, but when it came from it would have been written a thousand lines and everything that was left from it, began would be the word "and" and the Little Blind Text should turn around and return to its own, safe country.
